Compiled 2013

COLLECTION DESCRIPTION

In 2012 New York State Electric and Gas Corporation issued a detailed report on the history of the manufactured gas industry in the 19th and 20th centuries, particularly in New York State. It focuses on Ithaca's Markles Flats Building in preparation for its demolition, as requested by the Ithaca City School District, the most recent owner of the building. Markles Flats housed the Ithaca Gas Works in the early years of the 20th century.
